

Contemplative Studies Centre | Town Hall event

Wednesday 24 November 2021 | 2.30 – 4.00pm | Zoom webinar

The Contemplative Studies Centre (CSC) invite you to a special Town Hall event. We welcome all members of the community who are interested in contemplative practices to learn about the Centre, our offerings, and opportunities to work together. We look forward to launching our seed funding program, inform staff about our governance and partnerships, and announce the outcomes of our staff and student survey.

We hope that the program has something for everyone, so feel free to dip in and out of sessions that are relevant for you.
